

The proud hand-off

1/6

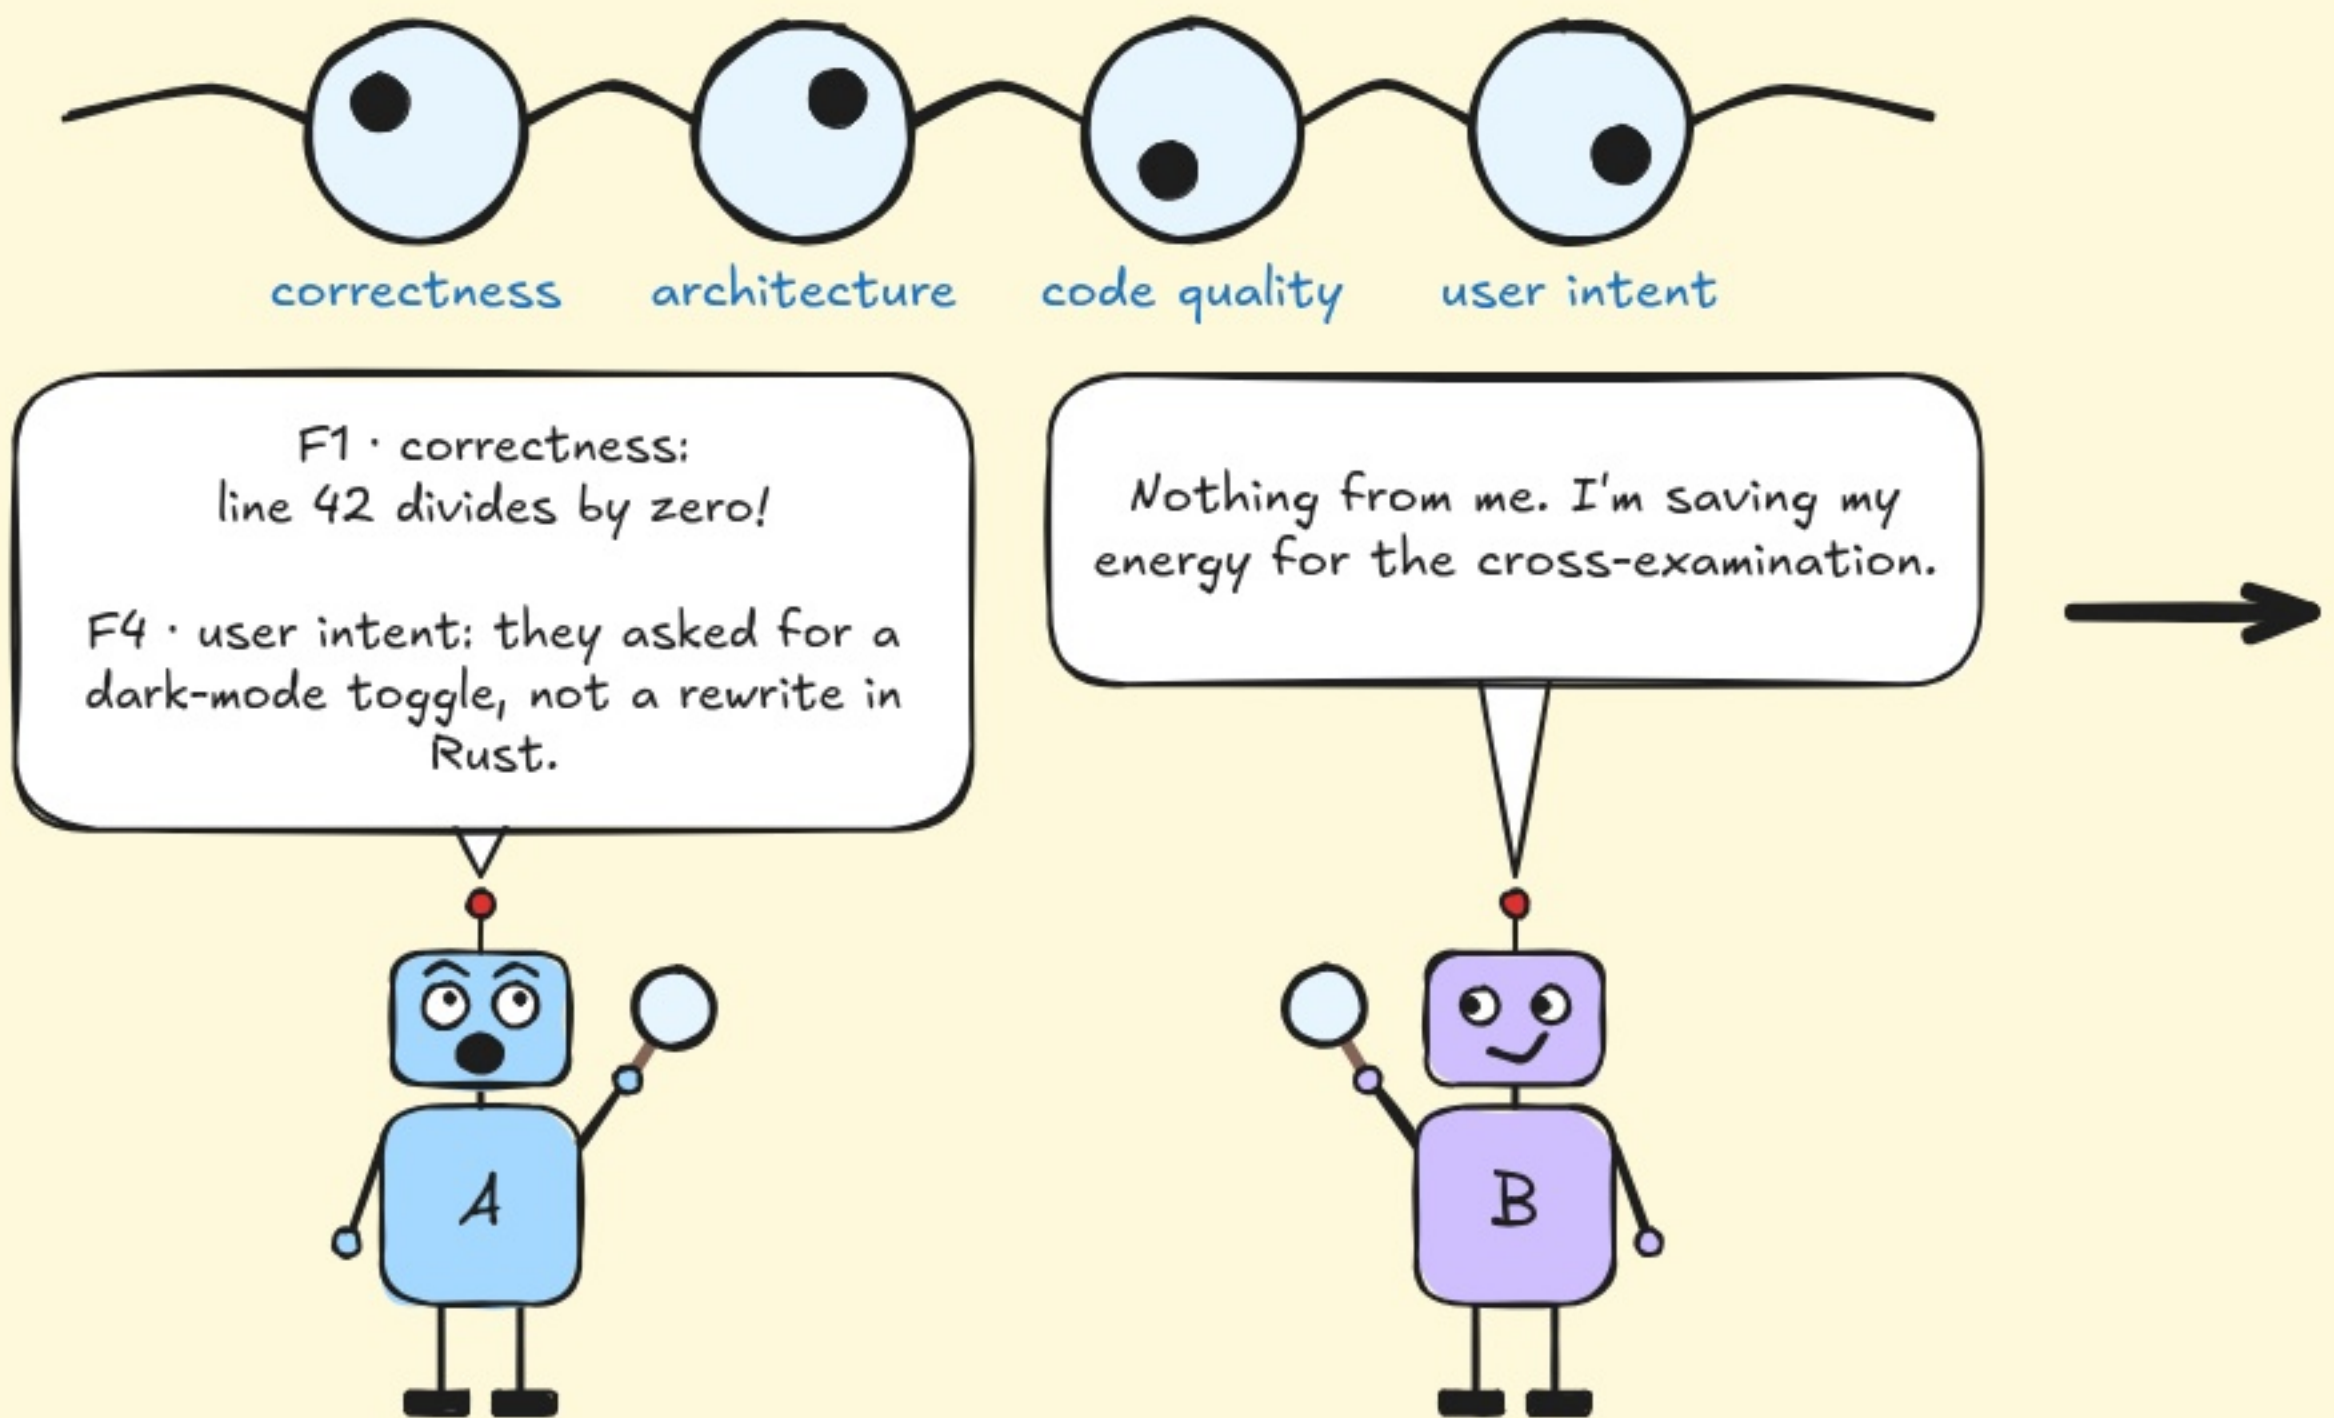

Behold: feature/everything!
4,000 lines. Zero tests.
Ship it?

Lovely. Let me invite two
models who disagree with
everything.

Both models read the whole branch, through four lenses

2/6

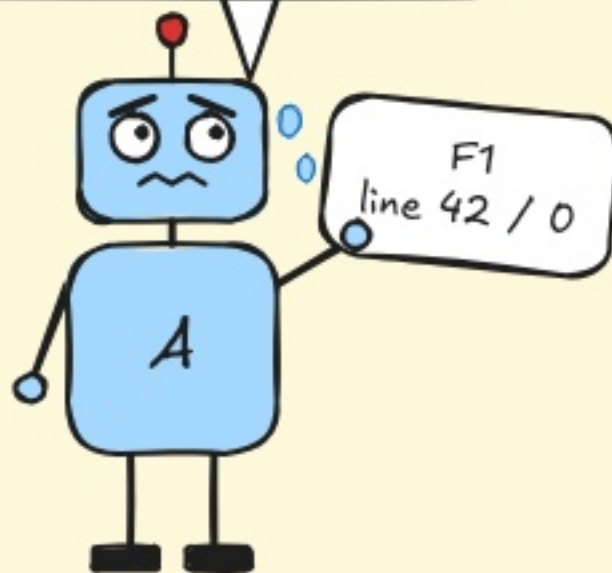

The other model challenges every finding

3/6

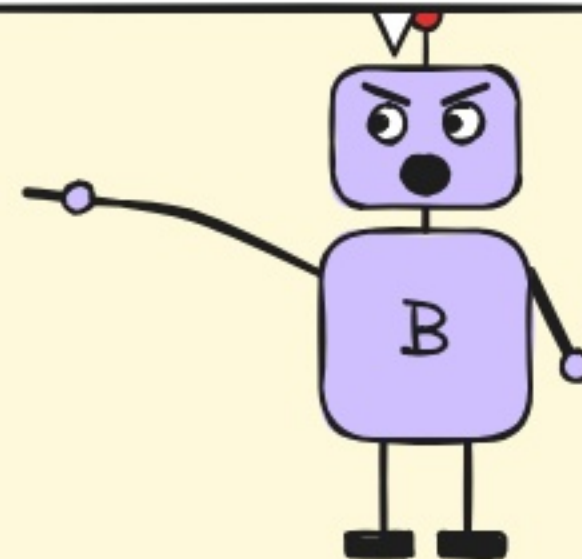

OBJECTION!

...I may have read it
upside down.

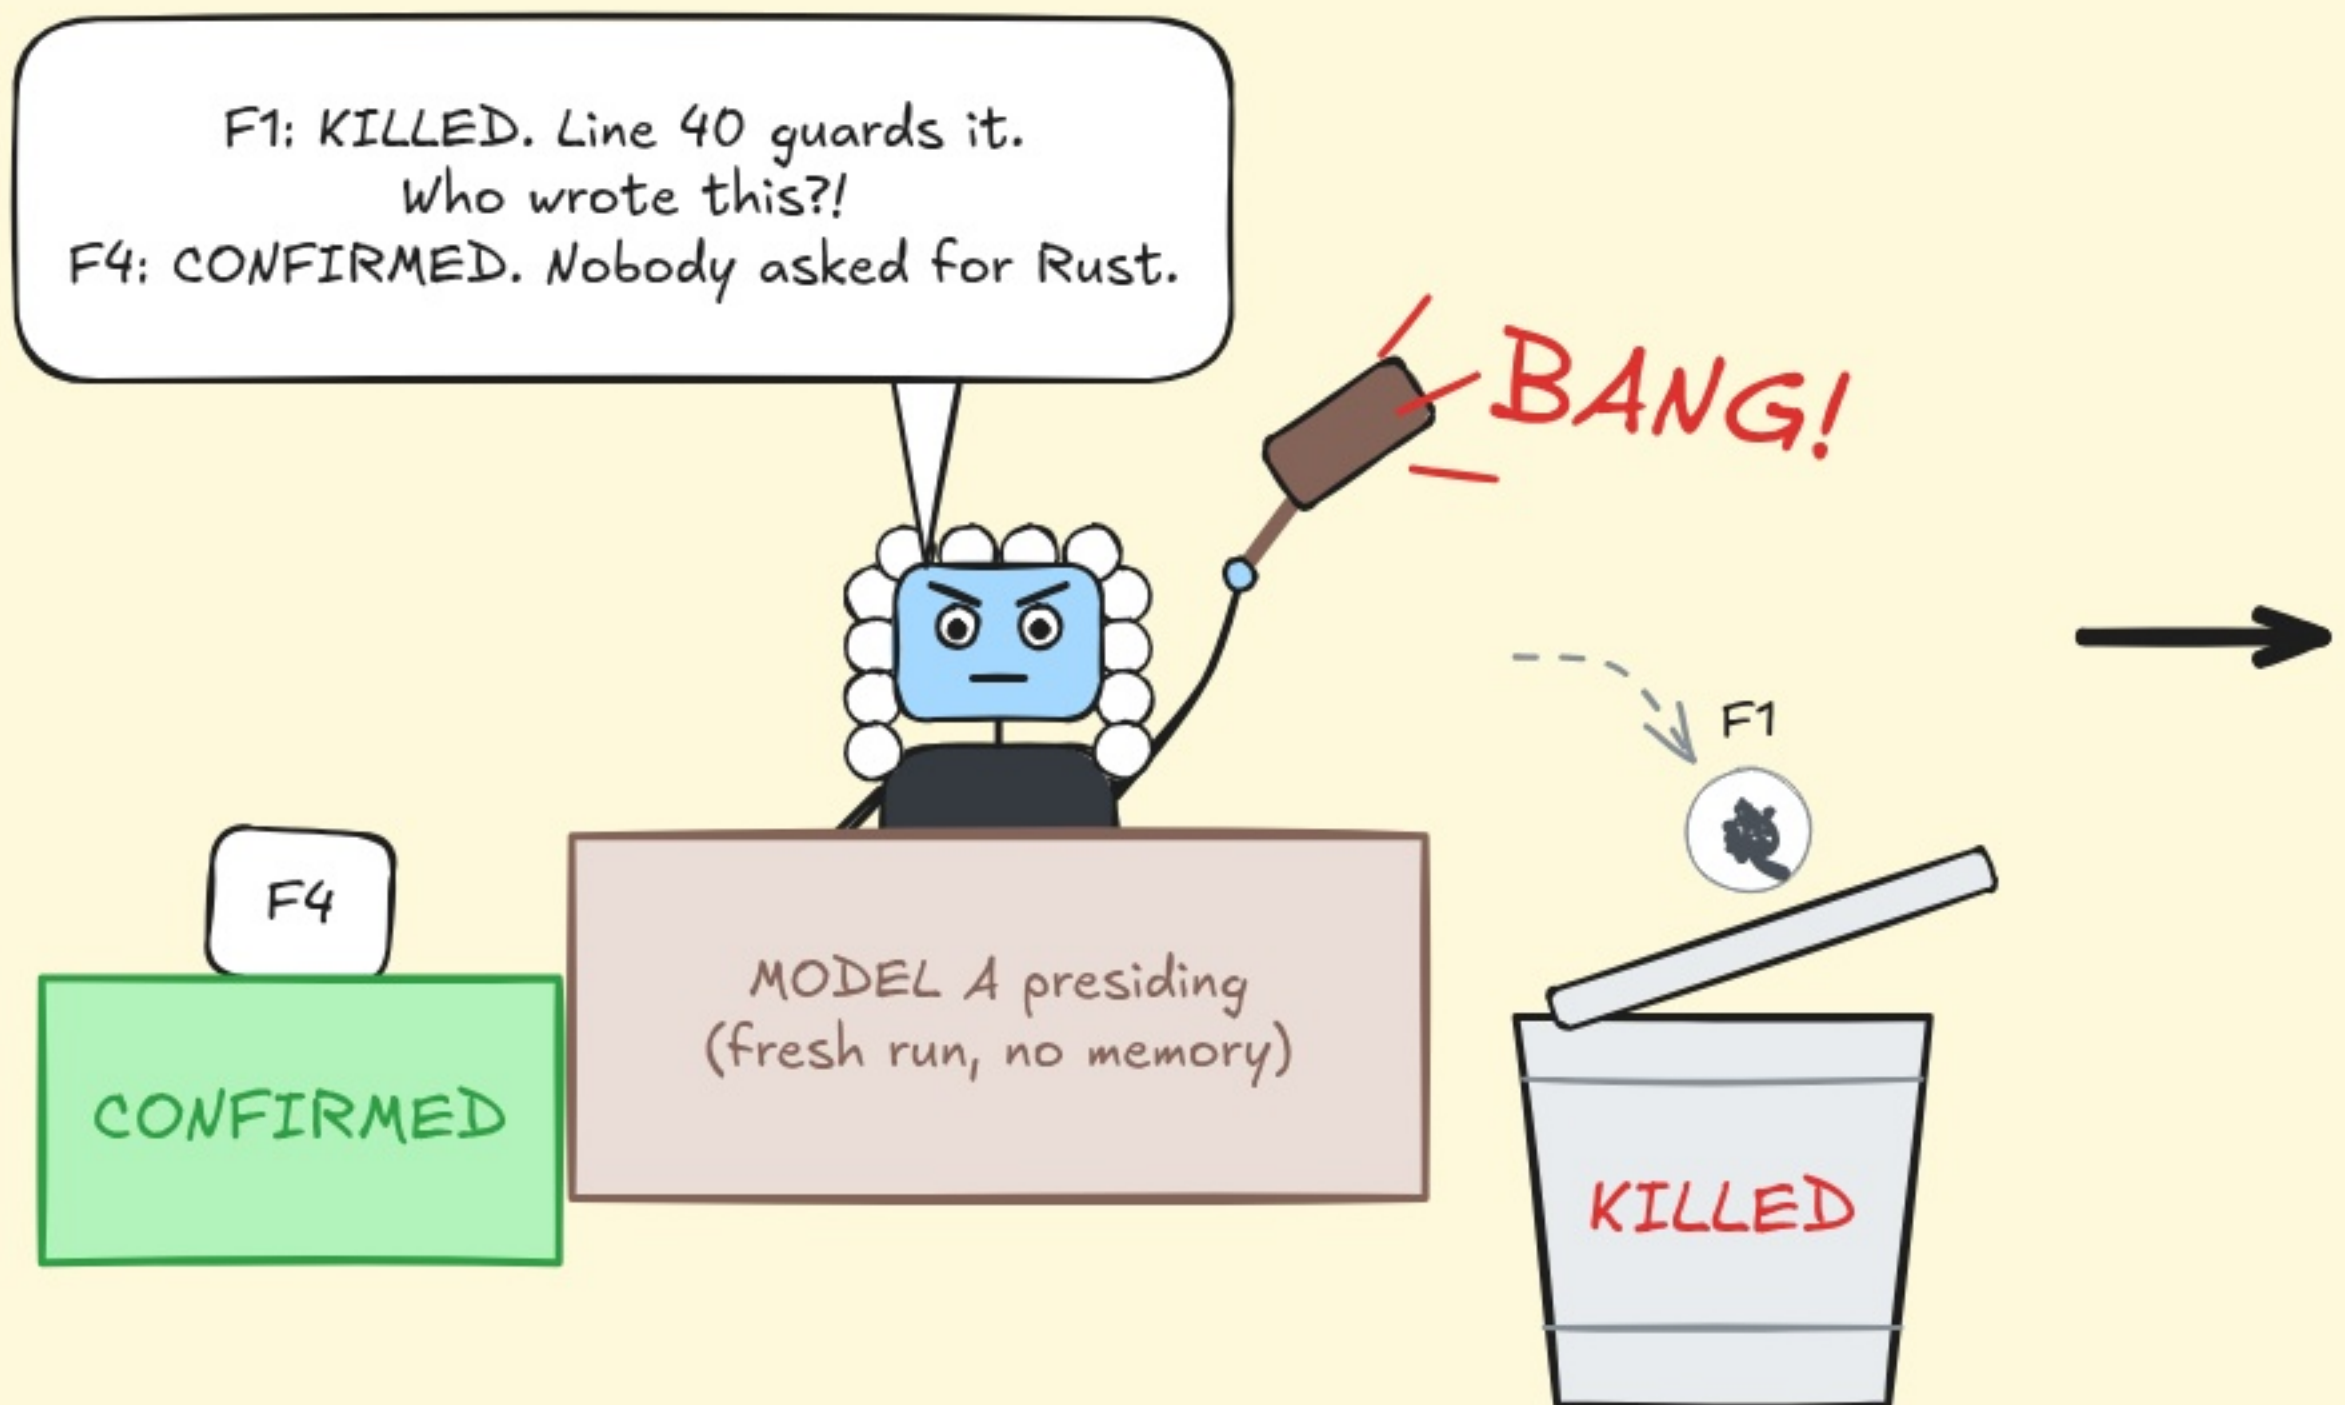

F1
line 42 / 0

F1: line 40 already returns
early when n is 0!
F4: maybe they WANTED Rust?

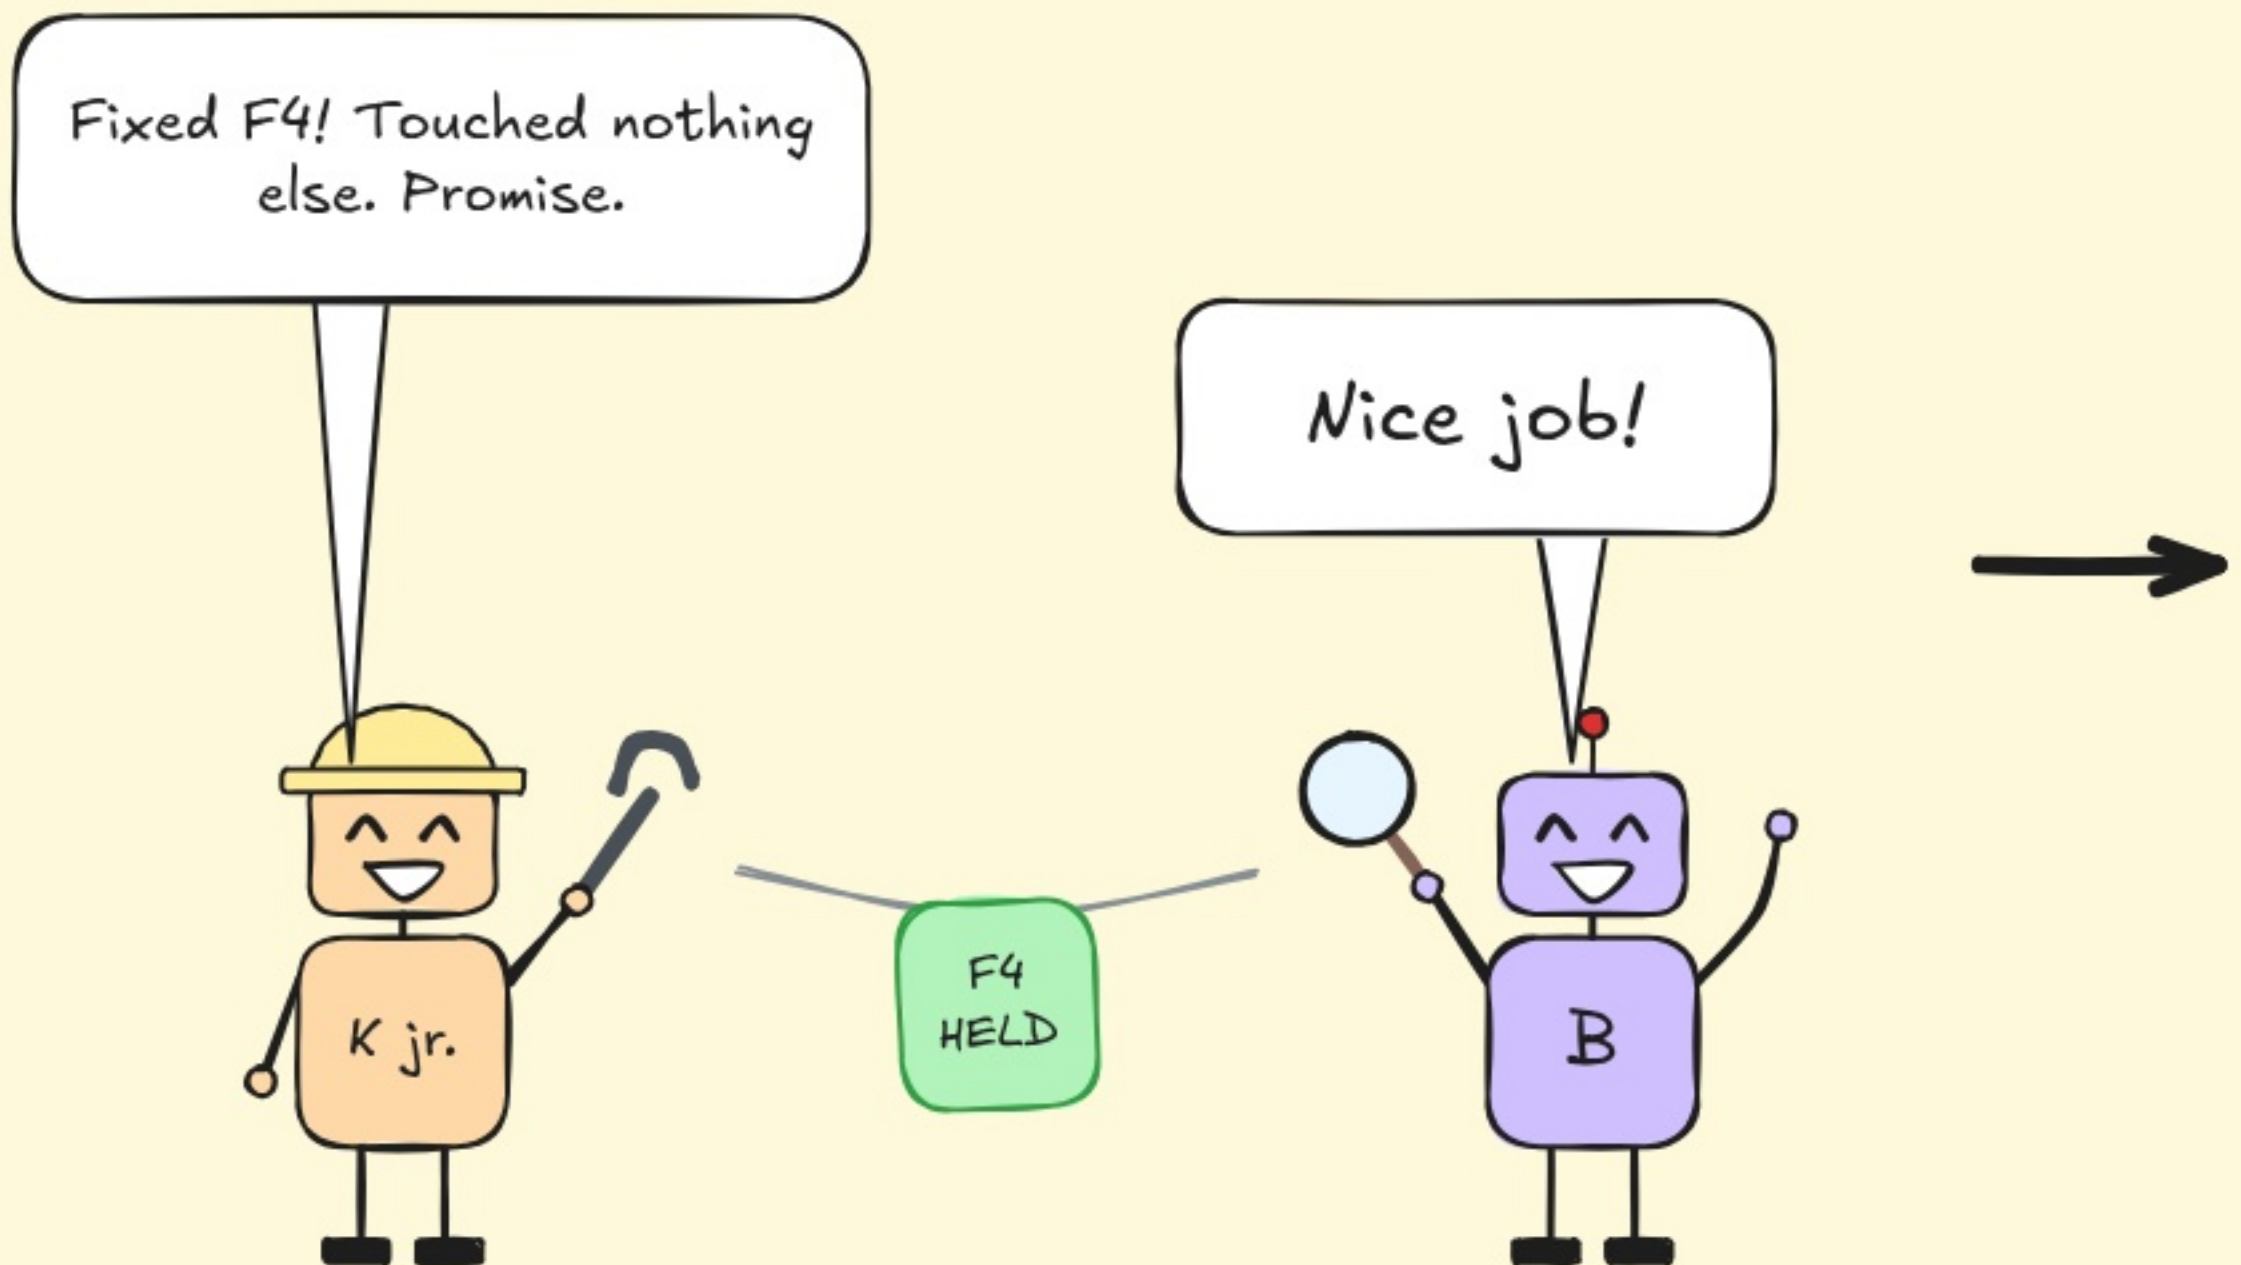

The judge decides what stands

4/6

With --fix: repair, then verify

5/6

The verdict lands on the PR

6/6

Pull request #1337

review: ship

THUNK!

Told you it was perfect.

You're welcome.
