1. The proud hand-off

Behold: feature/everything!
4,000 lines.
Ship it?

Lovely. Let me invite two
models who disagree with
everything.

2. Both models read the whole branch, through four lenses

F1 · correctness:
line 42 divides by zero!

F2 · user intent:
they asked for a dark-mode toggle,
not a rewrite in Rust.

3. The other model challenges every finding

OBJECTION!

...I may have read it
upside down.

F1
line 42 / 0

F1: line 40 already returns
early when n is 0!

swipe →

4. The judge decides what stands

F1: KILLED. Line 40 guards it.
Who wrote this?!

F2: CONFIRMED. Nobody asked for Rust.

5. With --fix: repair, then verify

Fixed F2! Touched nothing else. Promise.

Nice job!

6. The verdict lands on the PR
